MUDGEERABA SS THEIRCARE PLUS

MON 14 DEC

Cosmic Summer

Get ready for a Summer that is out of this world with Cosmic Summer! Children can develop gross motor skills with Asteroid Toss, build coordination through Space Hopscotch and explore their creativity and fine motor skills with Asteroid Belt Art.

TUES 15 DEC

Balloon Blast-Off!

3, 2, 1 blast off! Little astronauts will develop creativity and fine motor skills with a Hot Air Balloon Cup STEM Craft. Explore the moon phases and put problem-solving skills to the test in the Can You Fix an Astronaut's Glove experiment!

WED 16 DEC

Stellar Print and Play

Get creative and ready for take-off! Join our special guest for a fun stencil printing and print-making workshop, exploring colours, patterns and textures. Then put coordination and gross motor skills to the test with Balloon Rocket Races and DIY Planet Lawn Bowls!

THURS 17 DEC

Sensational Space

Explore a universe of textures, colours and creativity with Sensational Space! Children can enjoy sensory exploration through Space Rocks, get hands-on with messy Galaxy play and develop fine motor skills and creativity with Balloon Print Art.

FRI 18 DEC

Galactic Frisbee Games

Get ready for an intergalactic adventure! Join our special guest for an exciting Frisbee session, building gross motor skills, coordination and teamwork. Then get creative with papier-mache planets and explore the wonders of space by making your very own Solar Eclipse Model!

MON 21 DEC

Rocket Rangers

Calling all Rocket Rangers! Get ready for an exciting space adventure! Children can develop fine motor skills through DIY Rocket Craft, explore sensory learning with a Venus and Clouds science experiment, and spark creativity by upcycling cardboard tubes into space shuttles.

TUES 22 DEC

Universe of Art!

Reach for the stars with Cosmic Creations! Join our special guest to help create a collaborative Space Mural, explore creativity through space-themed chalk art and image activities, and discover patterns and connections while mapping constellations. A day of imagination, sensory exploration and creative expression!

WED 23 DEC

Goo Globes

Get ready for some gooey, out-of-this-world fun! Children can explore different textures and sensory experiences while creating their own spooky Monster Goo Globe, developing creativity. The fun continues with an imaginative Astronaut Training Centre, encouraging role-play, communication and social learning.

THURS 24 DEC

Galaxy Explorers

Blast off into a universe of discovery with Galaxy Explorers! Children can explore how planets orbit the sun, build creativity and fine motor skills by modelling planets from clay, and develop hand-eye coordination with colourful yarn-wrapped planets.
